

Ruth Glanville, Speech Pathologist, has been working in Echuca since 2004. Ruth offers assessment and therapy sessions from the clinic. As well as offering nursing home visits within Echuca and the surrounding district. Ruth achieved her Speech Pathology degree at Charles Sturt University in 2003. For many years Ruth has been based at Echuca Regional Health and worked across a variety of settings.

Ruth is a Certified Practicing Speech Pathologist (CPSP) and has a strong knowledge and confidence in working with a variety of clients.

N8 Speech Pathology

63 Nish Street
Echuca

Ph: 03 5482 2988
Fax: 03 54801969

Opening Hours

Appointments are available from 9am - 3:30pm
Tuesday, Wednesday & Thursday.

Services

Many people in the community have difficulty listening, understanding or speaking as well as reading and writing. Speech Pathologists also work with people who have difficulty eating and/or drinking. Ruth offers assessment and therapy for:

- Delayed & disordered speech development
- Delayed & disordered language development
- Early pre-reading & pre-spelling skills (phonological awareness)
- Stuttering
- Voice disorders
- Swallowing disorders: Adults
- Education and training sessions
- Communication & swallowing following neurological events (i.e. stroke, head injury)

How much therapy and how often it is needed varies with every person. The options available are discussed with you and you can decide the therapy goals (what you want to achieve) and the frequency of sessions depending on what you need and how often you need to attend.

Referral

Referral can be made by yourself, parents, teachers, GP, specialists, Paediatrician, or other health professionals.

Fees

- Please see enclosed fee schedule
- Payment is required on the day and may be made by cash or cheque. A receipt is provided on the day.
- Ruth is a registered Medicare & DVA (Department of veteran's Affairs) Provider and HICAPS provider as well as a Registered NDIS Provider.
- Medicare and private health insurance rebates may apply and can be claimed directly.

Expectations

It is required that a parent remain within the treatment room at all times as they are expected to take an active role in the therapy activities.

Home practice will be essential to maximise the potential therapy outcomes.
